

## **011 T blended bricks**

**The above picture shows our slender 011 T blended bricks in a standard running bond.**

**Brick size:  
400 mm H x 40 mm H x 110 mm D**

**The 'hit and miss' element included in the brick facade is particularly effective.**

**Architectural Handmade Bricks and Pavers (AHBP) have an "Exposure Grade" (EXP) rating.**

**This means they are suitable for aggressive conditions such as high salt environments.**

**For instance, they can be used within 1km of surf coast. In areas within 100m of non-surf coast. In areas where walls are subject to salts in the soil.**

**All retaining walls and below damp proof course in a wall.**

**All AHBP products are handmade and locally produced in Australia, with excellent availability.**

**Colours and blends can be viewed on our website.**

**\*Brick Tiles and Corner Pieces are also available in all our standard colours and blends\***

**Please email us for samples, pictures or any other information.**
