

Eveneer Profiles

Sustainably produced raw timber profiled panels for interior joinery.

Eveneer Profiles are the perfect complement to our Eveneer range of timber veneers.

Made from our popular Eveneer Raw timbers they are suitable for application to wood based joinery or direct to plaster or plasterboard walls where they offer an added level of dimension and functionality.

Eveneer Profiles are supplied raw and require finishing after application to the substrate, and may also be stained to your desired colour.

Available in 4 sculpted profiles:

- Reed 6/13
- Reed 3/20
- Flute 3/20
- Flute 6/20

And 2 colours:

- Cremello
- Palomino

APPLICATIONS

- Wall and ceiling linings
- Joinery
- Decorative screens, etc.
