Oliveri®

KITCHEN / BATHROOM / LAUNDRY

FROM HUMBLE BEGINNINGS,  
WE'VE TAKEN OLIVERI TO THE WORLD.

Featured products:  
Spectra sink (SB63GM) and Vilo pull  
out mixer (VT0398B-GM)

We've come a long way from an unassuming suburban factory where our business began way back in 1947. It was at Watkins and Starr, now Oliveri Solutions, a modest domestic metal fabricator in Adelaide, South Australia, that a highly skilled and dedicated team pioneered the deep drawing process in Australia.

It was the beginning of something extraordinary. Today, Oliveri is Australia's only commercial pressed bowl sink manufacturer and one of this country's best home grown success stories.

**Australian made. Global success.**

Our design expertise and commitment to quality continue. We now import and distribute a wide range of taps, sinks and water filter systems across nine countries, including Australia, New Zealand, and the USA.

The vast range and superior design of our sinks and taps are enjoyed by homeowners around the world and the Oliveri name continues to be synonymous with style, quality, and home grown success.

**Did you know?**

Our founders decided on the name 'Oliveri' in a local Adelaide restaurant, by voting on names written on napkins. The accent in Oliveri is the tick that sealed the deal!
