

ARCHER Cape Barren

Cape Barren
2400mm L x 25mm H
Solid Brass Pendant

Cape Barren

The Cape Barren is the fruit of a successful collaboration between Wood Melbourne and Archier. Finding it hard to find timeless, contemporary tap ware that read well with our architecture, we worked together with Wood Melbourne to create an elegant, slimline tap that will gracefully patina with age. The Cape Barren will recede effortlessly into any interior and creates a beautiful ensemble with products in our Basin collection.

| \$745 | \$865 |
| _ Aged Brass | _ Sealed Aged Brass |
| \$865 | \$950 |

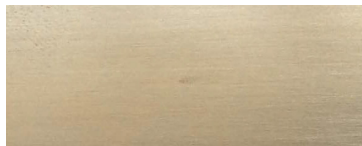

Brass is a material that ages uniquely from piece to piece, therefore colour changes over time may appear unevenly along the brass spout and mixer. This is not a fault, but a characteristic to celebrate. Sealed brass has a baked clear enamel applied, and will maintain a clean look.
