

Superior Shutters

Australia's leading supplier of architectural
Colorbond steel and Aluminium screening
products for residential and commercial properties

Superior Shutters

Screening for patios, decks, carports, room-divider,
internal and external windows and doors.

Why Superior Shutters?

Quality and durability

- Certified cyclone-rated shutter option
- Marine Grade Stainless steel tracking
- UV stabilised nylon for non-metal parts
- Made to Australian and New Zealand standards

Create the look you want

- 6 standard colours including 'cedar look' or powdercoated in your choice of colour
- Custom made to your specifications
- Made locally with short manufacture time
- Unique all-in-one adjustable rail for exact height

Choice and flexibility

- Choice of blade sizes
- Fixed, bifold, sliding or hinged options
- Keyable locks with or without handles, patio bolts or flush bolts
- Choice of split panels with bar option ie. bifold above, fixed below
- Shutters can be raked
- Can be used internally or externally
- Flyscreen option

Sit back and relax

- 7 year warranty on finish, 2 year warranty on fabrication
- Low maintenance

Peace of mind

- Control your light, ventilation and privacy
- Secure, lockable barrier against intruders
- Convert your patio into a cool, insect-free oasis with the flyscreen option
