Description
The Dublin Bench is a smart but simple design that matches other merbau products in the Astra Street Furniture range of seats, benches, picnic settings, bins, and planters. The merbau hardwood slats are machined from sustainably sourced FSC or PEFC certified timber and oiled with Cutek CD50. Natural colour variations and unique characteristics occur in timber which are not defects. The Dublin Bench makes it easy to create long continuous benches, 'C' shapes, squares, pentagons, hexagons, octagons, crosses, parallel or splayed rows, tree, or garden surrounds. Custom lengths and sizes can be made to order – please enquire.

Please Note: It is the customer's responsibility to ensure that the product is suitable for the application and that it is installed in a safe manner based on customers risk analysis.
