

OUTDOOR FIREPLACES

FIRE BY **escea.**

The comforts of indoors, out.

Fireplaces have a mesmerising quality – people love sitting around them and watching the flames flicker. An outdoor fireplace means you can entertain late into the night, creating a dramatic focal point that’s warm and inviting.

Whether it’s outdoor cooking on a wood fuelled fireplace, or the instant convenience of a gas fireplace, Escea’s outdoor range makes entertaining easy.

“Whether indoor or outdoor, our approach to designing a fireplace remains the same. We start with the customer in mind and think about how they live their lives (or wish they did). It’s about creating a social hub for the family to gather and relax. Whether that means eating, drinking, entertaining, or just flame watching.”
