

# Evenex Profiles

## Quick Facts

Evenex Profiles are the perfect complement to our Evenex Sincro and Evenex PaperWall ranges.\* Designed to work with our popular Evenex timber grains, they offer an added level of dimension and functionality to joinery, walls and ceilings and are suitable for:

- Shaker doors
- Joinery
- Wall and Ceiling Battens
- Contemporary or traditional wall mouldings
- Decorative screens

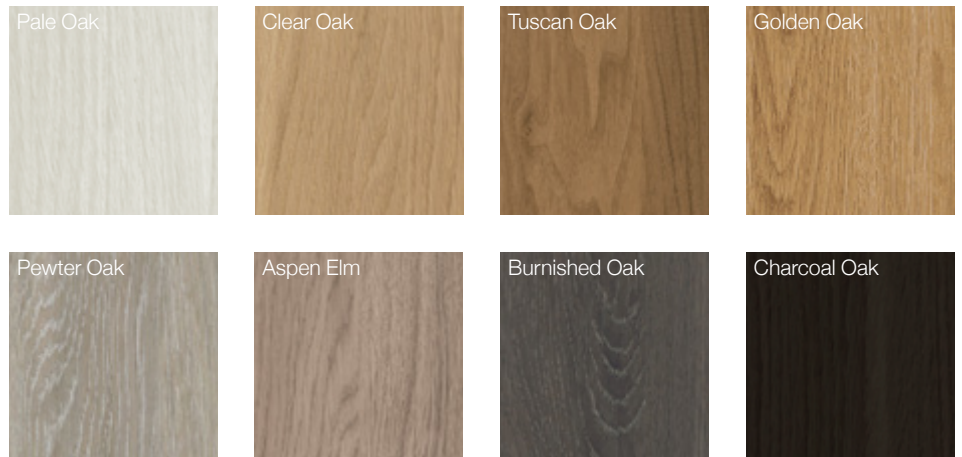

Evenex Profiles are stocked in 4 profiles and 8 popular Evenex finishes, with access to the full range of finishes and alternate profile sections as made-to-order, subject to quantity.

*\*Due to differences in construction, an exact colour match between Evenex Profiles and PaperWall cannot be guaranteed.*
