

Application

Suitable for residential screening of folding windows, used in conjunction with Weatherfold 4s Servery 35 and Weatherfold 4s Window 35.

Capable of screening openings up to 2600mm wide and 1800mm high. Remote controlled operation can operate up to 5 different screens.

Assembled with high grade materials to ensure quality is maintained. UV stable pleated mesh and motorised roller technology allow the screen to operate smoothly.

Opening Specification

Screen System: For Individual Screens:	312 Retractable Pleated Insect Screen
Max Opening Height	1800mm
Min Opening Height	1000mm
Max Opening Width	2600mm
Min Opening Width	1800mm

Openings can only use one screen per horizontal opening, a total span of 2600mm wide. Aluminium lengths are supplied in kits, for more information see Data Sheet G70.
