### Description

The London Planter is a premium product with a carefully designed zinc plated steel frame, slatted sides, and a removable recycled plastic liner. The planter can be securely bolted down or left free-standing. The Merbau hardwood slats are machined from sustainably sourced FSC or PEFC certified timber and oiled with Cutek CD50. Natural colour variations and unique characteristics occur in timber which are not defects. Other design options include stainless steel frame, mixed blonde hardwood slats, anodised aluminium slats, wood grain powder coated aluminium slats, and smooth or patterned sides. Custom sizes, other slat types, and custom powder coat colours are available – please enquire.

Please Note: It is the customer's responsibility to ensure that the product is suitable for the application and that it is installed in a safe manner based on customers risk analysis.
