# THE ZENITH™ RANGE

INSPIRED BY EUROPE. DESIGNED FOR AUSTRALIA

**Colorbond®**

# CLASSIC EUROPEAN ELEGANCE IN QUALITY AUSTRALIAN STEEL

Inspired by the best in European design, Lysaght's new ZENITH™ range provides a stylish suite of profiles to add to your design palette.

Available in the contemporary COLORBOND® steel colour range, the superb COLORBOND® Metallic steel colour range and the expansive colour array of the LYSAGHT YOURCOLOR™ custom colour offer, the LYSAGHT ZENITH™ range will deliver a striking visual impact wherever it is used.

Every product in the ZENITH™ range has been tested in Lysaght's own NATA accredited facility to ensure it not only adheres to Australian Standards but can also meet the rigorous challenges of Australia's harsh conditions, even in cyclonic regions.

And you know that along with genuine style, the ZENITH™ range offers you the peace of mind only Lysaght, the trusted experience in steel, can deliver.

With our nationwide network, technical expertise and production and service capabilities – and as part of Australia's leading manufacturer, BlueScope – we provide the products and support that Australia's builders, specifiers and architects can build on with confidence.

## LYSAGHT LONGLINE®

This striking cladding features slender, high ribs and broad, flat pans that make a dramatic statement on any structure. Using a concealed fixing system to maintain its clean lines LYSAGHT LONGLINE® cladding is available with plain or fluted pans and can also be tapered for a fan-like effect where curvilinear roofs require a tailored cladding solution.

## LYSAGHT DOMINION™

Whether used in long lengths running vertically or horizontally on a structure, or in shorter lengths to create a 'block-like' effect, LYSAGHT DOMINION™ makes a strong and extremely stylish statement. With raised panels and recessed, 'express' joins, this profile conveys a sleek, contemporary character with a pleasing detail created by the shadowed 'channels'.

## LYSAGHT IMPERIAL™

The sky is truly the limit with LYSAGHT IMPERIAL™. Featuring broad, flat pans and slender, well-defined ribs, this cleanly elegant cladding complements virtually any architectural design. Combine those good looks with a curving capacity not readily achieved in all cladding, and you have the ultimate profile for style and versatility.

## LYSAGHT BAROQUE™

A heritage-inspired profile, LYSAGHT BAROQUE™ features wide, flat pans defined by generous semi-circular ribs. At once delivering a strong linear visual which is gentled by the unusual, rounded rib-form, this profile offers a most unique visual character which sits easily with both traditional and contemporary architecture.

## LYSAGHT ENSEAM™

Broad flat pans and a lower, yet substantial rib combine to form yet another distinct visual dynamic in LYSAGHT ENSEAM™ cladding. While possessing clean and striking good looks, this profile also has an easy style that makes it a very versatile cladding solution for contemporary architectural designs.

# THE NEW ZENITH™ RANGE OFFERS FIVE STRIKING PROFILES THAT ADD DYNAMIC VISUAL TEXTURE TO ANY ARCHITECTURAL DESIGN

LYSAGHT® steel cladding has long been a valuable design resource for Australian architects, providing as it does aesthetically appealing and versatile facades that bend, often literally, to their creative will and add exciting visual dimensions to their designs.

In the ZENITH™ cladding range, that design value has reached new heights with profiles that deliver bolder aesthetics than seen before, paired with the exceptional performance you have come to know and expect from LYSAGHT® steel products.
