Roof: Colorbond Corrugated Iron

Description

The Manchester Cantilever Shelter is a complete aluminium structure fitted with a Colorbond Corrugated Iron roof. Manchester Shelter is a strong and sturdy unit which has been designed and engineered with structural grade aluminium for harsh conditions. The kit is easy to assemble on site and includes heavy duty base plate posts to ensure safety and security of shelter. These shelters have been rated to Wind Region C, terrain category 3, importance level 2 to AS1170. Custom colours are also available – please enquire.

Please Note: It is the customer's responsibility to ensure that the product is suitable for the application and that it is installed in a safe manner based on customers risk analysis.
