

**G\*GRASS®**

**TAVINEA SORTO**  
INTERIOR ACCESSORY SYSTEM

The new compact frame  
system for GRASS drawers.  
Simple. Attractive. Tidy.

## Perfect framework for the organisation of drawers

**Whether you opt for one, two or three elements – with the Tavinea Sorto frame system, drawers of any width can be organised simply and quickly.**

The frame elements are assembled from 6 mm narrow metal profiles, the shape of which creates Tavineo Sorto's functional good looks. Purist sleek design, matt surfaces, timeless colours – the understated elegance of the frame system looks equally good in drawers in the kitchen, bathroom, living room and bedroom. The system's innovative corner connection is both spacer and anti-slip device.

Knife block, foil holder or spice rack – with the appropriate additions, Tavinea Sorto becomes a comprehensive interior accessory system.

## TAVINEA SORTO INTERIOR ACCESSORY SYSTEM

Tavinea Sorto appeals with its purist design and straightforward system, which couldn't be simpler. The perfect partner for all GRASS drawer systems.

Whether Nova Pro, DWD XP or Vionaro – Tavinea Sorto is the ideal complement for all GRASS drawer systems. Material, shape, colour and surface are not just similar, but identical. To be precise – they are made of the same steel and coated with the same powder. This means that the interior accessory system harmoniously matches the colour of the drawer sides and, in combination, reveals its fascinating effect.

**GRASS drawer systems and Tavinea Sorto.  
Two that are really one.**

A spring device on the inside of the divider rail makes it possible to position the narrow longitudinal divider where needed. In that way, a single divider rail can be used to create two compartments or to hold accessories such as a knife block, foil holder or spice rack firmly in place.

Now everything is  
where it should be.

The high-quality frame elements made of steel and the accessory parts made of wood organise the storage space of drawers in a particularly attractive way. The light-coloured wood combines especially well with dark colour shades, while dark ash is better suited to the silvery metal colours. Irrespective of the wood colour you choose, the combination of metal and wood means that Tavinea Sorto always has a dynamic and lively feel.

# TAVINEA SORTO

Perfect framework using the compact interior accessory system for drawers.
