WHY CHOOSE OUR PRODUCTS?

INNOVATION

With over 200 patents and utility rights, Takagi manages its entire product cycle from ideation to production, including manufacturing of its own dies and moulding parts.

Its long history and expertise as a moulding company has earned the trust to produce custom moulds that companies including Toyota, Lexus, Mazda and Sony use to make their own parts.

QUALITY

Takagi is committed to manufacturing high-quality products for lifelong use.

Strict quality control is employed in the manufacturing process where rigorous checks and inspections are performed on each product to ensure customers feel a sense of safety.
