

Admiral Mini

The Admiral Mini is perfect for any bathroom installation as it echoes the typical style and flare from uridan's classic Danish designed, top selling urinal – the original uridan Admiral.

The appearance and functionality is exactly as before, with our preeminent waterless urinal design and our touch free technology. The key difference in this pioneering product is that the overall product footprint has been reduced by a significant 13% to allow specifiers to utilise this product even where space is tight.

Key Benefits

Design:

uridan are the market leaders when it comes to product design. Each uridan urinal is Danish designed, with our range presenting itself like an artist's body of work - each piece being distinctly uridan, and yet individual in its own way.

Technology:

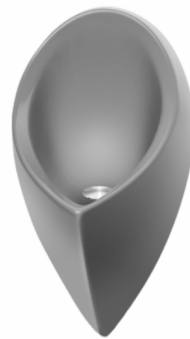

uridan invest heavily in constantly innovating and re-designing each of our products so they are future-ready. Take our new intelligent drain cover for instance, which lets you know via our smart LED indicators exactly when maintenance is required. SMART Technology delivers 100% touchless operation while boosting performance and improving the user experience.

Sustainability:

Every organisation can contribute to the future. uridan is a daily essential that makes the world better by saving precious water every day!
