NET WEIGHT: 4.55kg

To avoid light flicker, your ceiling fan should be at least 1m away from surface mounted lighting

For the best performance, your ceiling fan should be at least 1m away from surrounding walls and 1m away from each other

Ceiling fan blades must be at least 2.1m from the floor

Tip of the ceiling fan blades must be 1.5m away from an opening like a door, window or end of patio

Installation Location Cheat Sheet
