

Dika Lounge

NUNC

Collection: Dika

Designers: TAK KOLEKTIV

Dika is a contemporary take on a traditional armchair inspired by Danish design from the mid-60s, whose name roughly translated means pride in the Slavonian dialect. Simple wordplay conceived by a designer from the region and made from locally sourced wood is the essence of Nunc's brand promise, blending exceptional craftsmanship with modern technology. Its play between curved and straight lines, attention to detail, and the distinctive break in the lumbar area make it a comfortable yet elegant component to any commercial space or home environment. Soft and rounded solid wood plays beautiful homage to the comfortable foam seat integrated with a firm steel construction that will provide the most important support.
