

Product Description:

The City Range of outdoor seating

The City seat is a robust and elegant unit manufactured from marine grade aluminium with stainless steel fixings. The modular design allows up to 4 metres in continuous FSC 100% certified hardwood and up to 6 metres in clear anodised extruded aluminium slats.

Options include multiple or single high arm rests, and edge guards for deterring skateboarders. Various mounting options are available.

Should you require special modifications to suit your specification, please do not hesitate to contact us.
