

STANDARD PRODUCT
CITYTABLE Table Set

TOWN&PARK

Product Description:

The City Range of outdoor seating

The City Table Setting with wheelchair access is manufactured from marine grade aluminium with stainless steel fixings. The City Table Setting allows for the application of up to 4 metres of FSC 100% hardwood or 6 metres anodised aluminium slats. The table settings are supplied with the choice of narrow (450mm) or profile (550mm) benches.

Options include types of benches, Umbrella Sleeves in the centre of the table, Edge guards for deterring skateboard damage as well as various mounting and material types. The table set can be ordered with the option of City Seats instead of the benches or in a combination with one of each.

Should you require special modifications to suit your specification, please do not hesitate to contact us.
